## The ISSUES

Data-driven preventative regional health strategies can not be developed due to **lack of, or an insufficient legal framework, as well as lack of interoperability between the systems**

# HIMSS18 Las Vegas - Nordic Workshop

## The ISSUES

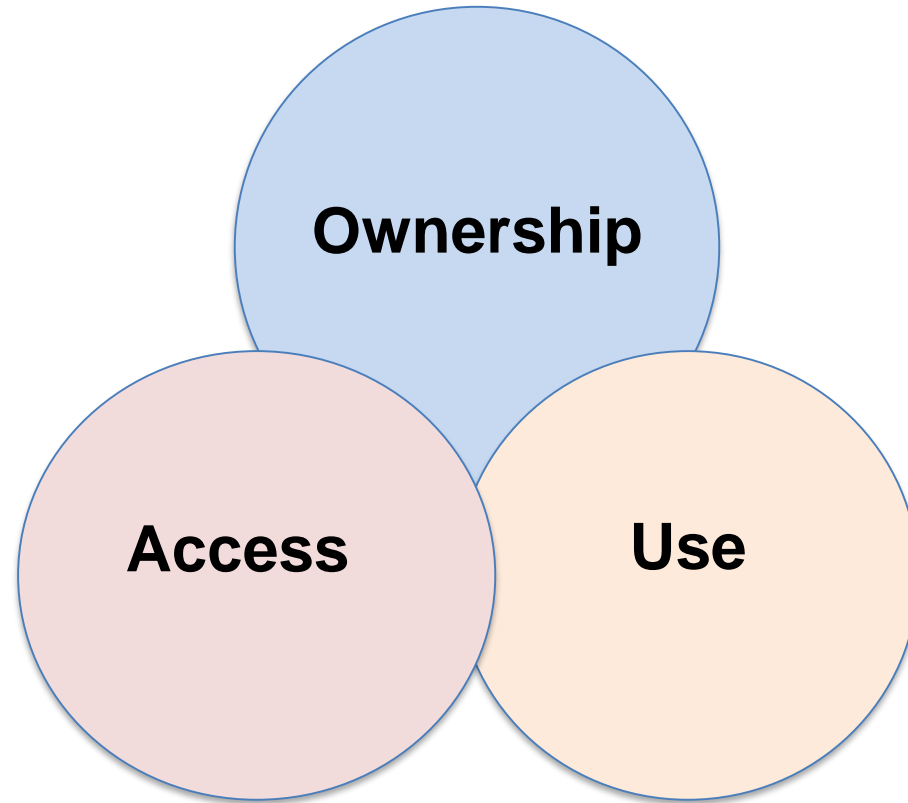

**Storing health data in local silos in a non-standardised formats, which creates barriers in the way of cooperation**

# Innovation and Change Management as a Focus of Minds is Not New

*“Nothing is more difficult than to introduce a new order. Because the innovator has for enemies all those who have done well under the old conditions and lukewarm defenders in those who may do well under the new.”*

**Niccolo Machiavelli (1469 - 1527)**
