

11th of June 2019  
Päivi Sillanaukee  
*Permanent Secretary*

A woman wearing a cycling helmet and a black and white athletic top is sitting on a bicycle. She is looking off to the side with a thoughtful expression. The background is a field of tall grass, and the overall image has a blue-tinted, monochromatic aesthetic.

# FINDATA

HEALTH &  
WELFARE

Operation of the new data  
permit authority will start in  
2020

Social and Health  
Data Permit Authority

## **Enabling legislation**

**Act on Secondary Use of Health and Social Data  
(552/2019)**

– since 1 of May 2019

- **To ensure authorities, institutes and companies access to the health and social data in Finland.**
- **To provide efficient and secure procedures to utilize the data in research, development and innovation activities, education and knowledge management duties.**

One-stop shop for  
social and health data

# FINDATA

Grants data permits for linking social and health data from several register owners.

Will gather and compound the data from different registers

Will offer electronic tools for data permit applications, information requests and access to data.

## Highlights of the Finnish ecosystem

- Well educated citizens eager to test innovations and participate research.
- Global dynamic network of competent enterprises. Especially active start-up community.
- Major authorities, public and private health and social service providers working together.
- Established procedures and open, innovative environment for public-private cooperation.

## Building it together - Acting and growing ecosystem

**Interested to utilize  
the data ?**

**Join the ecosystem !**
